Love your local farmers' markets

After a winter of dark leafy greens, a lighter, sweeter shade of pea shoot green is a welcome burst. And then the strawberries, our superstar beauties, arrive on the scene like crimson-clad celebrities on the red carpet. We have a lot to look forward to at the market, like our tote bags getting fuller and fuller with spring's delicate bounty. Take a moment to inhale the almost unbearable scent of those fragrant spring blossoms, and feel the seasonal shift, if ever so slight, that has begun.
